The dog of my life
Melanie

IN MEMORY OF INTI

Peruvian Hairless Dog
Owned and handled by Melanie Chan
And Frank Martin

Inti owned my heart from the first time that I met him. It was my privilege to watch him grow from a frightened rescue to one of the most loving therapy dogs I have ever known. He approached life with humility, kindness, gentleness, and caring—an example to us all. He never knew a stranger, animal or human, they were just friends he had yet to meet. As his health declined and he fought the losing battle, he did it with courage, patience, and fortitude, accepting his role in life as it was given him and making the best of each day. He was surrounded with the love of Melanie, Frank, many SCTD members, and the countless patients to whom he brought comfort and joy. I know he is among the greatest of the therapy dogs at Rainbow Bridge waiting to welcome his friends again. Thank you Inti, for introducing me to the love of this breed and inspiring us all to share with those less fortunate. You are our shining star!

Ann (Ann Holder, Florida)

Who, because of Inti, became the proud mother of her first Peruvian Hairless Dog
